Before the Board of Adjustment grants approval of a variance to the City of Walcott Zoning Ordinance, all of the following conditions MUST be met:

- a. The granting of the variance will not permit any use in any district which would be in conflict with the permitted uses of such district under the terms of this ordinance.
b. The granting will not impair an adequate supply of light and air to adjacent property.
c. The granting will not unreasonably increase the congestion in public streets.
d. The granting will not increase the danger of fire or of the public safety.
e. The granting will not unreasonably diminish or impair established property values within the surrounding areas.
f. The granting will not in any other respect impair the public health, comfort, safety, morals, or welfare of the inhabitants of the city.

Brief description of the nature of the variance request using the following criteria as justification for the requested variance.

- a. It shall be the applicant/owner's responsibility to show that the terms of this ordinance will impose unusual and practical difficulties or particular hardships. The hardship established by the applicant/owner must not be self-imposed. A self-imposed hardship is not justification for the approval of a variance request.
b. Granting of the variance is in harmony with the general purpose, intent, and spirit of this ordinance.

- c. Granting of the variance will not serve merely as a convenience to the applicant, but will alleviate a demonstrable hardship.
